

BYKECAM™ Installation Instructions

Thank you for your recent purchase of BYKECAM

Check box for all contents before starting installations

Designed to work on pedal bicycles or battery assist motor hub bicycles up to 30mph

Note: Charge the battery using the included charger before using BYKECAM™

Installation Steps

1. Mount bracket_1 on either side of the handlebars see Figure 1
2. Mount bracket_2 to the seat pole of your bicycle see Figure 2
3. Connect the Monitor to bracket_1 see Figure 3
4. Connect the Camera to the seat pole using bracket_2 see Figure 4
5. Connect cable from the front Monitor to the rear Camera and tie wrap down

Adjust Monitor and Camera to your position of choice

Keep travel key plugged when not riding or traveling with bike
